0 GPM  
0 LPM

Color Choices: Yellow

## INTERACTIVE FEATURES

This Water Journey features the following technologies that are unique to Vortex.

### 1 PUMP (1)

- To release the water into the Water Journey™ system
- Each pumping action releases a small amount of water and with persistent pumping the amount of water increases to a breaking point
- Powder coated stainless steel
- Can be a point of connection to other Water Journeys™

### 2 SLUICE (7)

- To steer the water flow and change its course
- Resistant and durable polyurethane

### 3 STRAINER (3)

- Control and transform the water flow
- Resistant and durable polyurethane

### 4 WATERMILL (3)

- Propelled by the water, its rotational movement renders the speed of the flow
- Manipulate to speed up or interrupt the water flow
- Resistant and durable polyurethane

### 5 DRAIN BASIN (1)

- Can be a point of connection to other Water Journeys™
- Painted stainless steel and glass fiber reinforced colored concrete basin
